Mechanical, Plumbing and FP design services for the following four prototype stores in India and review of MEP site adapt stores.

- Supermarket (2,500 - 3,000 sq. ft.)
- Compact Hypermarket (30,000 sq. ft.)
- Cash & Carry (50,000 sq. ft.)
- Cash & Carry (85,000 sq. ft.)

Highway Section No. 4: Abu Al-Abaid to Mafraq Improvement Abu Dhabi, United Arab Emirates

Electrical lighting and power engineering services of Section No. 4, approximately 77 kilometers between Abu Al-Abaid and the western approach to Mafraq interchange, of the existing highway between Marfaq and Al Ghwaifat border post. This major highway links Saudi Arabia and the northern Gulf states with Abu Dhabi and eastwards to Dubai. We were responsible for the designs and preparation of electrical tender documents for the project.

Basrah Sports City Basrah, Iraq

Life Safety and Fire Protection services for a new 360-acre campus area including a soccer stadium, a practice stadium, dormitories and training facilities.

Arab Museum of Modern Art (AMMA) Qatar Foundation, Education City Doha, Qatar

Life Safety and Fire Protection services for the renovation and conversion of an existing two-story school building to a state-of-the-art museum including Exhibition Galleries, Workshop Art Room and the Sculpture Garden.

Quintiles Phase I Hyderabad, India

MEP, FP and Commissioning services for a 27,000 sq. ft. Quintiles Laboratory facility including nurses stations, dormitories, labs, offices and supporting areas. Our services included providing 100% tender documents, bidding assistance and construction administration.

FSC worked with a Kansas-based architect on the initial designs. Our India office worked with an India-based architect on the final designs, bidding and construction services.

**Calmar Plastics Plant Expansion
San Luis Potosi, Mexico**

MEP services for a plant expansion for plastic dispensing solutions and sprayers for the cosmetics, fragrance, home and garden, auto, personal care and pharmaceuticals industries.

**Calmar Plastics Plant
Wuxi, China**

MEP design services for a new 467,046 square feet state-of-the-art facility near Shanghai in east-central China. The facility supplies a broad range of product packaging and packaging solutions – from pumps and sprayers to plastic and paper cartons - for the Calmar product portfolio.

**Danisco
United States, Mexico and Chile**

Fire Protection services for manufacturing facilities for bio-based ingredient solutions that meet market demand for healthier and more sustainable products including emulsifiers, gums, sweeteners, and cultures.

**DST HiTec City Office
Hyderabad, India**

Owner's representative providing MEP and FP peer review services for the tenant finish of a 55,000 square feet facility on the 5th floor of the Q-City development located in HITEC City.

**Ritz Park
Noida, U.P., India**

MEP and FP guidelines and pricing report for a potential 1.1 million square foot mixed-use complex consisting of three office buildings, a residential building, conference / business center, food / entertainment center and underground parking garages. The report included our design criteria, estimated requirements and estimated cost in Indian Rupees of typical MEPFP systems for this type of complex.
